Morphology is the study of word formation and structure. In synthetic languages, a single word stem (for example, love) may have a number of different forms (for example, loves, loving, and loved). However, for some purposes these are not usually considered to be different words, but rather different forms of the same word.

Egypt: The Hell of Ancient Egypt. The crimes of those who are condemned to hell consist of nothing more and nothing less than having acted against the divine world order established at the beginning of creation. Hence, they have excluded themselves from ma'at, while at the same time

revealing themselves as agents of chaos.
