XtraMath® helps students transition from counting or calculating the basic math facts to recalling them. Quickly recalling math facts, instead of calculating them, frees up mental resources for higher-level operations. XtraMath's timed activities encourage students to answer questions as quickly as possible.

Thus, the basic solution for the tableau above is the solution to our original problem. [1st] set equal to 0 all variables NOT associated with the above highlighted ISM. The columns of the final tableau have variable tags. [2nd] convert each row of the final tableau (except the bottom row) back into equation form (as at the right) to find the values of the remaining variables.
