It is only in the last generation that the use of inexpensive handheld calculators has transformed the

College Mathematics Textbook

Last semester I ordered a \$100 book through Amazon, from one of their users. The book was new, came in good condition. But on the first night of class I noticed that I had extra numbers after my problems... The person that sold me the book had marked over every place on the cover that said "instructor's edition". Fortunately my developmental math teacher was very nice about it and said that I ...
