Hi, Thank you ever so much for the above - very helpful! I was just wondering if you might be able to help me expand the formula somewhat? I am interested in combining this with another IF and checking against an additional column e.g. if column A = M AND column B = Y then use INDEX to find the different values e.g. the first instance of Y=Z, the second instance of Y=Z, the first instance of Y ...

Use INDEX to lookup multiple values in a list. Learn ...

Top Questions. What makes ArtResin safe to use? What Makes ArtResin Safe To Use? ArtResin has been designated by the American Society for Testing and Materials as non-toxic when used as directed (conforms to ASTM D4236). It is formulated using the highest quality materials and therefore produces no VOCs or fumes.

1. Introduction. Diagenesis refers to the physical and chemical changes that occur during conversion of sediment into sedimentary rock. The prefix dia- and root -genesis are both from Greek and mean "through" or "across" and the "origin or mode of formation", respectively. Together, they refer to the formation of a sedimentary rock through its entire volume.
