Personal questions can also encourage people to be more thoughtful in their engagement with particular objects. In 2007, Exploratorium researcher Joyce Ma published a brief formative study on Daisy, an artificially intelligent computer program that engages visitors in text-based conversation. Daisy is a “chatbot” with some pre-programmed questions in her repertoire, and Ma was studying the ...

Making inferences is a skill with which students often need much practice. If you’ve looked for resources in the same places that I have, you probably haven’t been too happy with what you found. I believe that the inference worksheets that I’ve created are of a higher quality than the other available resources and, as usual, I’m giving them away for free.

What does the word "apologetics" mean? The word "apologetics". is derived from the ancient Greek word apologia, which means, an apology.. Not an apology in the modern sense of the word - which is to say you're sorry for something. But rather, an apology in the ancient sense of the word - which is to make a reasoned defense of something or someone.

Beyond illustrating how networks work, Near demonstrates the power of the network effect in designing multi-person exhibits. The exhibit is flexible and scalable for groups who drift in and out. The activity of walking on the mat is individual, so individuals don’t have to worry about how others’ contributions might disrupt their personal experience.
