A reader emailed SCM last week wondering how to handle six students who were wreaking havoc in his classroom. Every day they were disruptive. They were talkative and silly. They called out during lessons and made inappropriate comments. They played off one another and held little regard for his expectations. Most distressing, when he'd confront ...

### **How To Handle Six Disrespectful Students In One Class ...**

Students will complete open-ended problems in both classroom and state testing situations, most likely under timed conditions. Teachers should continue to use a combination of the writing process approach (to grow better math writers) and the independent response situation, in which students must apply good practices to producing their best responses under test conditions.
