Geography is a part of social science which is about the study of the Earth and its features, its inhabitants, and its phenomena. The second part of geography textbook deals with natural resources present in India and their distribution.

**Study Rankers: NCERT Solutions for Class 10th Geography**

In psychology, identity is the qualities, beliefs, personality, looks and/or expressions that make a person (self-identity) or group (particular social category or social group). [citation needed] Categorizing identity can be positive or destructive. A psychological identity relates to self-image (one's mental model of oneself), self-esteem, and individuality.

**Identity (social science) - Wikipedia**

The philosophy of social science is the study of the logic, methods, and foundations of social sciences such as psychology, economics, and political science. Philosophers of social science are concerned with the differences and similarities between the social and the natural sciences, causal relationships between social phenomena, the possible existence of social laws, and the ontological ...
