Properties of Complex Numbers - Kuta Software LLC

To practice operations on complex numbers, students complete Complex Number Maze Activity. This activity asks students to simplify expressions with complex numbers and then find a path through the results that are non-real. This draws attention to the concept that performing an operation on two complex numbers can produce a real or non-real result.

Eleventh grade Lesson Arithmetic with Complex Numbers

Complex Numbers Name_____ MULTIPLE CHOICE. Choose the one alternative that best completes the statement or answers the question. Provide an appropriate response. 1) True or false? $i = -1$ 1) A) True B) False Write the number as a product of a real number and i . Simplify the radical expression.
