About This Quiz & Worksheet. Through several questions, some of which will be fill-in-the-blank, you will be asked about subjects like information in a dichotomous key and its structure and function.

Quiz & Worksheet - Dichotomous Key | Study.com

A honey bee (or honeybee) is a eusocial, flying insect within the genus *Apis* of the bee clade. They are known for construction of perennial, colonial nests from wax, for the large size of their colonies, and for their surplus production and storage of honey, distinguishing their hives as a prized foraging target of many animals, including honey badgers, bears and human hunter-gatherers.

Honey bee - Wikipedia

Environmental monitoring describes the processes and activities that need to take place to characterise and monitor the quality of the environment. Environmental monitoring is used in the preparation of environmental impact assessments, as well as in many circumstances in which human activities carry a risk of harmful effects on the natural environment.

Environmental monitoring - Wikipedia
