I have an excel sheet that looks like this: I want a function that will tell me the percentage of each response. So 36% blue, 27% red, etc. I found this article that shows how to do this kind of thing, but

only with a yes/no answer. I want to be able to calculate it, so that if I add another row, and the next person's favourite colour is purple, it will include that in the response.

The ACT (/ ɛɪ s iː t iː /; originally an abbreviation of American College Testing) is a standardized test used for college admissions in the United States. It was first introduced in November 1959 by University of Iowa professor Everett Franklin Lindquist as a competitor to the Scholastic Aptitude Test (SAT). It is currently administered by ACT, a nonprofit organization of the same name.
