To generate the GCode, or to have the machine code of the specific format you need, you have to use a Computer Aided Manufacturing software.. Feel free to use any CAM you like, especially if this comes with your machine and feel comfortable with it. In this tutorial, I will show you how to use the Fab Modules, an open source web-based CAM from prof Neil Gershenfeld and his collaborators.

Production is a process of combining various material inputs and immaterial inputs (plans, know-how) in order to make something for consumption (the output). It is the act of creating an output, a good or service which has value and contributes to the utility of individuals. The area of economics that focuses on production is referred to as production theory, which in many respects is similar ...

Jyoti - Reducing the resources necessary to produce value is the ultimate goal of kaizen. The takt time / cycle time calculation tells you what you MUST have to do the job as it is currently done. If you don't like what the math tells you, then set a target objective (what cycle time do you NEED?) then apply kaizen / problem solving to hit that target.

Takt Time - Cycle Time - The Lean Thinker

if you were unemployed for any length of time please explain: note: responding to the question above is voluntary. however, answering this question will permit exact staff to more thoroughly verify your employment history, education and other information contained in this application and expedite the application process.

Logan Lathe FAQs. 1. About Logan and Logans: 1.1. Are you the same people who made the lathes? History? 1.2. What is the taper inside the spindle? 1.3. How can I find out the model number of this lathe? 1.4. How can I find the serial number of this lathe? 1.5. How can I find out the age of this lathe?

1. About Logan and Logans - Lathe

- People hierarchically above them, below them, or at their same level? The answer is it can be any of the three. It's not a trick answer. The only answer that matters is the answer for you and whichever group is more challenging for you, you have plenty of company. It turns out people tend not to excel naturally at communicating in all three directions. One or two is a strength and the other ...
