This article is based on our personal experience and is our personal perspective from our careers in a big pharma company. Some points made will be unique to GSK and to the UK and we recognise that drug discovery also takes place in biotechs, academia and in non-profit institutions inter alia and certain points will not apply in these situations. But we hope most points capture practices and ...

MadBob: Dig the new artwork; you've just gotta love bad guys who keep leopards around for use in interrogation. For those who saw it when it originally aired and for those who didn't, here's an encore look at the all-time best torture scene that the TV show "24" ever gave us. "24", of course, is the show that popularized torture on the small screen, but for the most part, the victims were all men.

Abiogenesis, or informally the origin of life, is the natural process by which life has arisen from non-living matter, such as simple organic compounds. While the details of this process are still unknown, the prevailing scientific hypothesis is that the transition from non-living to living entities was not a single event, but a gradual process of increasing complexity that involved molecular ...
