KINE 2307. SPORTS AND SOCIETY. 3 Hours. This course will examine the bidirectional impact of sport and societal institutions. The class will explore the co-dependent nature of sport and society and attempt to separate fact from fiction to aid in the understanding of the true role of sport as it fits into society.

College of Nursing and Health Innovation < University of ...

Things are a bit different when you need to find the volume, pressure, or temperature of a gas not at STP. You will need to solve $P V = n R T$ for the dimension you need to find and attach it to the end of the sequence using the roadmap to find 'n' for the gas. Let's take another problem based on the same chemical equation to explore how to set up finding a gas not at STP.

*Students planning to apply to medical school should be aware of individual medical school admissions requirements and should tailor their program accordingly with the help of UChicago Careers in Health Professions (UCIHP).. NOTE: The Biological Sciences major does NOT require the third quarter of calculus in any of the sequences.

Biological Sciences < University of Chicago Catalog

Experimental and computational approaches to estimate solubility and permeability in discovery and development settings are described. In the discovery setting 'the rule of 5' predicts that poor absorption or permeation is more likely when there are more than 5 H bond donors, 10 H bond acceptors, the molecular weight (MWT) is greater than 500 and the calculated Log P (CLogP) is greater ...

Experimental and computational approaches to estimate ...

The majority of software that is made available through the software database is for use for teaching, and learning and research that is publicly available.
