It's been exactly 30 days since Wahoo started shipping their first GPS bike computer, the Wahoo ELEMNT. The unit was announced last year at Interbike in September, and while they had planned to have it in your hands by Christmas, it didn't quite work out. No worries, they say the best things come to those who wait.

A computer network is a digital telecommunications network which allows nodes to share resources. In computer networks, computing devices exchange data with each other using connections between nodes. These data links are established over cable media such as wires or optic cables, or wireless media such as Wi-Fi. Network computer devices that originate, route and terminate the data are called ...

CS Fundamentals Express combines the best of Courses A-F into a single condensed course (with a simpler option for pre-readers). We recommend Courses A-F for most classrooms, but if your school only offers one computer science course or you want to have your students work through multiple courses in a single year, the Express course is a better choice.
