Beginning with version 2007, Microsoft Access included a feature that seamlessly links your database table to Outlook and makes it easier to collect user data via email messages.

How to collect data in MS Access via email with Outlook

There’s no such thing as a free lunch. It’s one of the saddest facts in my life, right up there with my insane student debt and the realization that Taylor Swift will probably never talk to me. Maybe cost is why only just over half of sales reps we surveyed use a CRM, which often cost more than ...
