Cognizant Sharepoint Web Platform Solution

The legacy IT that's so critical to your daily operations? It's outdated, and becoming more of a liability every day.. Let's face it: IT systems based on older technologies and processes are steadily falling behind the speed and power curve. And every time you add an application or workaround to compensate, you're raising the cost of maintaining systems, increasing risk and delaying the ...

Enterprise content management (ECM) extends the concept of content management by adding a time line for each content item and possibly enforcing processes for the creation, approval and distribution of them. Systems that implement ECM generally provide a secure repository for managed items, be they analog or digital, that indexes them.
