Terminology. The term parapsychology was coined in 1889 by philosopher Max Dessoir as the German "parapsychologie." It was adopted by J. B. Rhine in the 1930s as a replacement for the term psychical research in order to indicate a significant shift toward experimental methodology and academic discipline. The term originates from the Greek: παρά para meaning "alongside", and psychology.

ABUSER (Stigma Alert) A person who exhibits impaired control over engaging in substance use (or other reward-seeking behavior, such as gambling) despite suffering severe harms caused by such activity. In experimental research, the word “abuser” was found to increase stigma, which can affect quality of care and act as a barrier to treatment-seeking in individuals suffering from addiction.
