Purpose. Students will do hands-on activities and read information online in order to answer the central question of this lesson: How does understanding the chemistry of hair care, including the role of pH, help in the development of better hair-care products?

### **The Chemistry of Hair Care - Science NetLinks**

Ok, so what this got to do with self-heating cans? Link number 1: Some of the same troops who were landing on the Normandy beaches that day had self-heating soap cans. These were essentially a stove and can rolled into one, with a tube of cordite (more typically used as the propellant in small arms ammunition) running through the centre of the can to act as fuel.
