Hi i have a question i know this was posted many times but i didn't find an answer to my problem. The problem is that i have a table and a column "id" i want it to be unique number just as normal.

...

postgresql duplicate key violates unique constraint ...

During the seventeenth and especially eighteenth centuries, driven both by a desire to understand nature and a quest to make balloons in which they could fly (), a number of scientists established the relationships between the macroscopic physical properties of gases, that is, pressure, volume, temperature, and amount of gas. Although their measurements were not precise by today's standards ...

9.2 Relating Pressure, Volume, Amount, and Temperature ...

An example of what is currently wrong with chemistry culture, even though it is dated. Future chemistry faculty will have to be twice as smart, work with twice the efficiency, and reach the correct positions of influence if they want this type of unhealthy cultural attitudes to finally be put to rest.

Something Deeply Wrong With Chemistry - Chemistry Blog

Physical attractiveness is the degree to which a person's physical features are considered aesthetically pleasing or beautiful. The term often implies sexual attractiveness or desirability, but can also be distinct from either. There are many factors which influence one person's attraction to another, with physical aspects being one of them.

Physical attractiveness - Wikipedia

If you just started online dating, or perhaps you're a veteran, there are a few important questions to ask your potential date so you can more easily determine if he or she is a suitable match for you.
