Cisco Tandberg Video Conferencing Solutions

Video conferencing is becoming more important as a business tool as people work from more locations. Use video conferencing to bring people together, face-to-face, no matter where they are or what device they use. Collaboration solutions from Cisco provide video conferencing on any device, for any team, anywhere.

Cisco Video Conferencing Solutions - Cisco

Meet your organization's communications needs with Cisco's broad range of endpoints, from IP phones and video room systems to web, mobile, and desktop clients. Choose the right devices for your business and let people focus on the work they do, not the tools they use to do it.

Video Conferencing Equipment - cisco.com

Tandberg was an electronics manufacturer located in Oslo, Norway (production, sales and distribution) and New York City, United States (sales and distribution).The company began in the radio field, but became more widely known for their reel-to-reel tape recorders and televisions.The original company went bankrupt in 1978 after a sharp financial downturn.

Tandberg - Wikipedia

Great to see that finally a real professional solution is available for companies who don't want to get trapped in one mighty Microsoft world and be trapped from talking to the Cisco, Polycom, Lifesize and rest of the standards-based Video Conferencing world.

Yes, it's Skype to anything Video Conferencing.

Ideal for video conferencing rooms, ConferenceSHOT AV integrates a PTZ camera and audio conferencing mixer into a single USB 3.0 device, so you can easily connect up to two microphones and an external speaker directly to the camera.

USB Video Conferencing Cameras | Vaddio

Using Video-Conferencing Systems with Firewalls Firewalls A firewall protects an organization's network by controlling data traffic from outside the network. Unless the firewall is designed to work with H.323 videoconferencing equipment, it will prevent successful videoconferencing because it does not allow unsolicited data to enter the network.

Firewall Ports - Refurbished & New Video Conferencing ...

All AVer video conferencing solutions use the H.323/SIP communications standards, making them compatible with nearly all room-based video conferencing systems in the market today.. Below you'll find our confirmed full compatibility list. If you don't see your system listed, it doesn't necessarily mean it's not compatible with our system.
